

When Passion Becomes Profession!

When we started, we had a strong belief that three guiding principles — diligence, passion and quality — would lead us onto a fruitful path. We are Bionatura, “The future of cleaning & disinfection”.

In accordance with our ethical guiding approach, authenticity, expert team and innovativeness, our business model always has been and will continue to be a positive contributor and a sustainable added-value impact creator for our society, our health, our environment and our humanity. We want to emphasize our utmost confidence that our business model and our products will continue developing and providing the greenest and most natural human-to-human quality products and services. In the years to come, we commit ourselves to implementing this perspective, which we have pursued since the very beginning, even more vigorously.

We would like to take this opportunity to briefly introduce our company ‘Bionatura’ so that you may consider adding our company to your list of approved suppliers / business associates. We are dedicated to improving the quality of life and health by making high performance, non-toxic cleaning solutions that are safe and effective alternatives to the growing number of harmful chemical compounds on the market today.

ORGANIC

Made with natural ingredients

NON-TOXIC

Safe for you, your family & pets

PETS-FRIENDLY

Gentle and safe for your furry friends

ECO-FRIENDLY

Kind to the environment, sustainable for the future

We provide high performance, **non-toxic** and **eco-friendly** cleaning solutions for a wide range of industries and everyday needs.

1

TR33 BioNtura Industrial

Advanced industrial cleaning solutions for heavy-duty and professional use.

2

HOUSEHOLD PRODUCTS

Safe, effective and eco-friendly cleaning solutions for everyday home care.

3

PETS PRODUCTS

Gentle, non-toxic and safe products for your furry companions and their spaces.

4

EQUESTRIAN PRODUCTS

Effective and safe cleaning solutions for horses, stables and equestrian facilities.

5

BABIES PRODUCTS

Gentle, plant-based and safe products for your little ones and their world.

6

SPORTS & GYM PRODUCTS

Performance-driven cleaning solutions for a healthy and hygienic active lifestyle.

7

POULTRY & HATCHERY PRODUCTS

Hygienic and safe cleaning solutions for healthy poultry and better productivity from farm to hatchery.

8

AGRICULTURE PRODUCTS

Eco-friendly solutions for healthier crops and sustainable farming.

9

WATER TREATMENT & SWIMMING POOL PRODUCTS

Safe and effective solutions for clean, clear and hygienic water systems.

10

TR33 INDUSTRIAL SOLUTIONS

Powerful cleaning solutions for industrial equipment, machinery and facilities.

11

BioNtura Marine Cleaning Products

Powerful and eco-friendly cleaning solutions for marine equipment and vessel care.

12

TRAVEL HYGIENE KITS

On-the-go hygiene solutions for safe, clean and confident travels.

13

PRIVATE LABEL SOLUTIONS

Custom formulations and branding solutions under your brand.

ORGANIC • NON-TOXIC • PETS-FRIENDLY • ECO-FRIENDLY

Better for You, Your Loved Ones and Our Planet.

BIO-BASED FORMULA | Bionatura is a proprietary, bio-based formula consisting of fatty acids, plant based enzymes & minerals, and vegetable oil blended with water. All Bioneat ingredients are found on the U.S. Food and Drug Administration's (FDA) "Generally Recognized as Safe" (GRAS) List. Because of this safety factor, **NO WARNING LABEL OF ANY KIND** is required on Bionatura by any Federal, State or municipal agency.

MULTI-PURPOSE USE | Bionatura is a multi-purpose cleaner and is effective on anything and everything washable. Its applications are limited only by your imagination. Household (kitchen, bathroom, furniture, carpets, floors, etc.), automotive, garage/workshop, laundry, dishes, personal care, pet care, fruit and vegetable wash - the list goes on and on. Bionatura also has some surprising and unusual uses too. It kills many insects, mechanically removes bacteria and viruses, kills fleas and ticks and head lice, eases the discomfort of poison, is a paint/tar remover and also can be used to clean up toxic chemical spills.

OUR MISSION | We are dedicated to improving the quality of life and health by making high performance, non toxic cleaning solutions that are safe and effective alternatives to the growing number of harmful chemical compounds on the market today. Whether you are looking for a renewed source of supply, an altogether new alternative technology... We invite you to explore & unravel the endless possibilities together...!!!

TRUST & SAFETY | There are almost **10000s** of disinfectant manufacturing industries listed around the globe. However, picking the best among all is a great responsibility as it affects the health of cleaning workers and harms the people who will use the cleaned area. We provide excellent disinfectants solution to all these issues, as we can provide the safest disinfectants in the region. We hold a massive range of products available for all your cleaning needs. When both safety and cleaning are your top priority, we are the only solution you can rely on with full confidence.

BIO-BASED
Powered by natural ingredients

NON-TOXIC
Safe for you, your family & pets

SAFE & EFFECTIVE
High performance cleaning you can trust

ECO-FRIENDLY
Kind to the environment, better for the future

PETS-FRIENDLY
Gentle and safe for your furry friends

Better for You, Your Loved Ones and Our Planet.

WHY BIONATURA?

Powerful by Nature. Safe for All. Trusted Everywhere.

At Bionatura, we combine the power of nature with science to deliver high-performance, non-toxic cleaning and disinfecting solutions that protect what matters most—**people, animals, and our planet.**

SAFE FOR HUMANS
Non-toxic, non-irritating and gentle for everyday use. Safe for children and sensitive individuals.

SAFE FOR ANIMALS
Pet-friendly formula that does not harm animals. Safe around pets, livestock and birds.

SAFE FOR ENVIRONMENT
Biodegradable, non-polluting and eco-friendly. Protects water, soil and supports a sustainable future.

THE BIONATURA ADVANTAGE (ORGANIC)

VS

CHEMICAL CLEANERS (TRADITIONAL)

- ✓ Made from plant-based, bio-based ingredients
- ✓ Non-toxic and non-corrosive
- ✓ Safe for humans, pets and the environment
- ✓ Biodegradable and won't harm waterways
- ✓ No harsh fumes or toxic residues
- ✓ Gentle on surfaces and skin
- ✓ Sustainable and renewable resources
- ✓ Supports green building & ESG goals
- ✓ Safer for workers and daily use
- ✓ Effective performance with long-term safety

- ✗ Made from harsh chemicals and synthetic ingredients
- ✗ Can be toxic and corrosive
- ✗ May cause irritation or long-term health issues
- ✗ Pollutes water and harms aquatic life
- ✗ Strong fumes and volatile compounds
- ✗ Can damage surfaces and cause skin dryness
- ✗ Relies on non-renewable fossil resources
- ✗ May not meet green or sustainability standards
- ✗ Risky for workers with prolonged exposure
- ✗ Short-term results with long-term risks

HIGH PERFORMANCE + FULL COMPLIANCE

Bionatura delivers powerful cleaning and disinfection while meeting the world's highest safety and environmental standards.

PROVEN EFFECTIVENESS
Kills 99.9% of bacteria, viruses and fungi.

MULTI-PURPOSE SOLUTIONS
One solution for multiple needs – home, industrial, agricultural, animal care & more.

REGULATORY COMPLIANT
Meets and exceeds global standards including FDA, EPA Safer Choice, USDA, Health Canada and more.

QUALITY YOU CAN TRUST
Manufactured under strict GMP practices and ISO 9001 standards.

PLANT-BASED
Powered by nature, backed by science.

NON-TOXIC
Safe and gentle for daily use.

PET-FRIENDLY
Trusted around pets and animals.

ECO-FRIENDLY
Better for the planet, better for tomorrow.

Better for You, Your Loved Ones and Our Planet. That's the Bionatura Promise.
